Cancellation of the 2020 edition of the Grand Organ Festival of Montréal

Montréal, April 14, 2020 - In the wake of the Québec government's request for the cancellation of festivals and public sports and cultural events until August 31, 2020, the Notre-Dame Basilica of Montréal announces the cancellation of the 2020 edition of the Grand Organ Festival of Montréal, scheduled from July 5 to August 2, 2020. "It is with regret, but with great understanding" that the management took this decision "in order to respect the government directive and to protect the health of music lovers, organists and staff," says Claudia Morissette, Director of Notre-Dame Basilica. "We are looking forward to welcome organ lovers in 2021 for another edition of the festival and we are eager to see them again. "

The Notre-Dame Basilica of Montréal has suspended all cultural and tourism activities since March 13, as well as pastoral activities and religious celebrations since March 17 due to the current COVID-19 pandemic.
